

## **Paying from Home**

1. Send this link to your parents <https://bookfairs.scholastic.co.uk/travelling-books/pay> via email, website or the schools communication app along with our wish list document.
2. Search for your school using your account number, school phone number or Postcode.
3. Please ensure parents use the option 'I am paying for books at the book fair'
4. They then need their email address, Childs name, class and the total amount of the books their child has chosen.
5. This will then bring them to the payment page where they enter their card details.
6. At the end of this they will receive an email with an order reference. They can print this email off and give to their child or write down the reference number.
7. The child then brings that reference to the book fair as payment for their books along with their wish list
8. Each transaction that occurs will be visible to you on your online account.
9. This link will be open 2 weeks before your fair arrives and closes at 4pm the day before the fair is collected. If you need these dates extended please contact us.
